Dear Parents, Students, Staff and Community Partners:

I am enthusiastic and truly honored to be selected as the principal of Deer Park Middle Magnet School. My previous administrator experiences encompass middle school, high school, and central office leadership positions. During my transition to Deer Park Middle Magnet, I have met some wonderful community members and staff. I am confident that our dedicated staff members, our academic standards, our strong student support through guidance/programs, our exceptional magnet programs and our engaged community stakeholders create an atmosphere where each student is supported academically, creatively, and emotionally. As your principal, I intend to build upon and enhance the levels of excellence at Deer Park Middle Magnet and with your support, we will continue to propel Deer Park Middle Magnet School into the absolute best possible middle school for our students to learn and grow.

As an educational leader, I am dedicated to building strong relationships with all school stakeholders and community members. We are a team and we will work as a team to stimulate the learning and high academic performance for all students. I will work to foster these relationships, through regular classrooms observations and attendance at school events and events in the community. I look forward to meeting stakeholders, modeling expectations, and participating in all of the wonderful aspects of Deer Park Middle Magnet School's community.

Once again, I am honored to join the Deer Park community as your principal and pledge to do everything in my power to build upon, advance, and create incredible, new learning and growth opportunities for our students. Please feel confident that I will work diligently to create a focused and positive school culture for all of our children. I look forward to working with all of you this school year.

Sincerely,

Dr. Kandice Taylor
