## SCHOOL SAFETY AND SECURITY UPDATES

Safety is a top priority for all students and staff in Baltimore County Public Schools. All schools in Baltimore County will utilize a system for checking in ALL visitors. The system is called V-soft by Raptorware or *Raptor*. When you visit the school for the first time, you will be asked to present a valid state or government issued photo identification card to the school's receptionist. This ID is scanned into the V-Soft system and the personal information from the ID is cross-referenced against names of Registered Sexual Offenders (RSO). If a person's name appears on any RSO list or you refuse to provide your identification, you will not be allowed to access the school.

The system will automatically contact the police and school leaders. The information collected from the ID will be utilized to print out a visitor's pass, which includes the person's name, photo, date of visit, and destination within the building. If you have your ID scanned, you will be asked to show your ID only on future visits and your name will be selected from an existing list of previous visitors. Any information collected will not be shared outside of the school and is kept on a secure server. We thank you for your partnership in keeping our students safe.

## BCPSONE @ DPMMS

Parents and guardians access BCPS One by establishing a myBCPS account. New parents who have never accessed the BCPS One system will be asked to create accounts when their student(s) brings home the Parent Verification Code letter issued by the school to new students. Parents who accessed the BCPS One system during previous school years can continue to use their myBCPS account. Student

information will be updated.

**Returning Parents:** During your first visit to BCPS One for the new school year, please be sure to switch to the current marking period if your browser has not already done so. If your student has changed schools, please be sure to check the school drop down list for your student's new school and select the new school before viewing grades and assignments.

Parent verification codes will be ready for distribution by August 31, 2016. Parents with newly enrolled students will require a parent verification code for each student. Parents who did not access BCPS One during the 2015-2016 school year will need a new parent verification code(s).

Dear Parents/Guardians:

In 2014, Baltimore County Public Schools (BCPS) established a grading and reporting committee to review and update *Policy 5210 – Factors Involved in Student Evaluation*. The grading and reporting committee began their work by collecting and reading the most recent and relevant research which included books, articles, and current available research. The committee, comprised of parents, teachers, and administrators reviewed grading and reporting practices from across the state and the nation. Based on the information gathered, the committee determined the policy needed to be rewritten to reflect more current research-based practices to better align your child's grades with his/her achievement of grade-level standards.

To that end, the new Board of Education Policy 5210 Grading and Reporting was approved in June of 2015 for full implementation beginning August, 2016. A copy of the new Policy and Rule 5210 are available on the BCPS Web site accessing the following links: [http://www.bcps.org/system/policies\\_rules/policies/5000Series/POL5210a.pdf](http://www.bcps.org/system/policies_rules/policies/5000Series/POL5210a.pdf) and [http://www.bcps.org/system/policies\\_rules/rules/5000Series/RULE5210a.pdf](http://www.bcps.org/system/policies_rules/rules/5000Series/RULE5210a.pdf).

As outlined in the new policy, starting this school year all student grades will align to identified course or grade-level standards and be based on a “body of evidence.” A body of evidence is simply the information a teacher collects to determine a student's level of performance. In addition to making sure all grades are based on evidence aligned to standards, (BCPS) wants to ensure that the purpose for assigning grades is clear and consistent across all schools. To do this, BCPS established that the primary purpose for determining marking period grades is to accurately communicate a student's level of achievement in relation to the course expectations at a given point in time.

The school system commits to providing *equitable, accurate, specific, and timely* information regarding student progress towards course expectations which includes feedback to you and your child in order to guide next steps and indicate areas growth areas.

To promote alignment to research-based practices and stakeholder input, the committee oversaw the creation of a procedures manual, which is broken down into six guiding practices:

1. Grading practices must be supportive of student learning.
2. Marking-period grades will be based solely on achievement of course of grade-level standards.
3. Students will have multiple opportunities to demonstrate proficiency.
4. Grades will be based on a body of evidence aligned to standards.
5. A consistent grading scale will be used to score assignments and assessments.
6. Accommodations and modifications will be provided for exceptional learners.

At the end of each section, a chart summarizes the “recommended” and “not recommended” grading practices.

In the second half of the manual, you will see a section called Reporting, Grade Calculation, and Codes. This section of the manual brings together important information about grading codes, calculations, and procedures into one location.

The 2016–2017 *Grading and Reporting Procedures Manual* can be downloaded from the BCPS [Grading and Reporting Web site](#). The Web site also includes sections on Research, Rational, and Frequently Asked Questions.

As we begin the school year, you and your child will be receiving additional information about the new grading procedures. We encourage you to visit the Grading and Reporting Web site, ask questions, and provide feedback. We also strongly encourage you to attend Back-to-School Night where you will have the opportunity to attend an overview session on grading and reporting as well as receive more specific information from your child's teachers.

Thank you for your support,

## MARYLAND YOUTH TOBACCO & RISK BEHAVIOR SURVEY

# PARENTAL "OPT OUT"

Our school may be taking part in the Maryland Youth Tobacco and Risk Behavior Survey (MYTRBS), conducted by the Maryland Department of Health and Mental Hygiene (DHMH) in collaboration with the Maryland State Department of Education (MSDE) and the Centers for Disease Control and Prevention (CDC). The survey was designed by the CDC to identify risk behaviors that may include safety behaviors such as use of helmets and seat belts, depression and mental health, use of tobacco, alcohol, or other drugs, nutrition and physical activity, and sexual behavior. The survey takes one class period (45 minutes) to complete.

The survey has been designed to protect your child's privacy. The survey is confidential and **students will not put their names on the survey**. Also, no school or student will ever be mentioned by name in a report of the results. Although your child may not benefit immediately from taking part in the survey, all children will ultimately benefit from the information collected that will guide the development and implementation of State and local programs designed to increase their health.

We would like all selected students to take part in the survey. However, the survey is voluntary. Doing this paper and pencil survey will cause little or no risk to your child. The only potential risk is that some students might find certain questions to be sensitive. **If your child is not comfortable answering a question, he or she may skip it.** No action will be taken against the school, you, or your child, if your child does not take part. In addition, students may stop participating in the survey at any point without penalty. The survey takes one 45 minute class period to complete. A copy of the questionnaire is available for your review at the school and on the website listed below.

A review board has approved the survey. If you have any questions about your child's rights as a participant in this survey, or if you feel your child will be harmed in any way by taking part, please call toll-free 1-877-878-3935, leave a message including your name and phone number, and someone will call you back as soon as possible. For more information about the survey, please visit <http://fha.dhmh.maryland.gov/ohpetup/SitePages/YTRBS.aspx> or [www.cdc.gov/HealthyYouth](http://www.cdc.gov/HealthyYouth).

**If you do not want your child to take part in the survey, (1) check the box and sign where indicated on your child's contact information form and (2) return your child's emergency contact information by October 1, 2016.**

### FREQUENTLY ASKED QUESTIONS

**Q. Why is the *Maryland Youth Tobacco and Risk Behavior Survey* (MYTRBS) conducted?**

A. The Maryland Department of Health and Mental Hygiene and the Maryland State Department of Education will use the results from the MYTRBS to (1) monitor how priority health risk behaviors among middle and high school students change over time; (2) evaluate the impact of broad state and local efforts to prevent health risk behaviors; and (3) improve school health education policies and programs.

**Q. Are sensitive questions asked?**

A. Some questions may be considered sensitive by some districts, schools, or parents. All such questions are presented in a straightforward and sensitive manner and were designed by the CDC. Topic areas covered include use of helmets and seat belts, depression and mental health, use of tobacco, alcohol, other drugs, nutrition and physical activity, and sexual behavior.

**Q. Will student names be used or linked to the surveys?**

A. No. The survey is designed to protect your child's privacy. The survey is administered by specially trained field staff. Students do not put their name on the survey. When students finish the survey, they place the completed survey in a large box or envelope.

**Q. Are students tracked over time to see how their behavior changes?**

A. No. Students who participated cannot be tracked because no identifying information is collected.

**Q. How are students picked to be in the survey?**

A. Statewide, approximately 360 schools and 85,000 students are picked to take part. First, schools are randomly picked, and then classrooms in selected schools are randomly picked. Every student in a selected class may participate.
